In order to use the Computer Based Training properly, your computer must conform to the minimum system requirements listed below. If you do not meet the system requirements (especially the browser and plug-ins) the CBT may not function properly (if at all) on your computer.

**Browser:**
- Microsoft Internet Explorer 5.5 or higher
- JavaScript enabled
- Cookies enabled
- Pop-up Blocker disabled

**Resolution:**
- 1024x768 or higher

**Computer/Processor:**
- A Pentium Processor with a 600-megahertz (MHz) processor recommended

**Memory & System:**
- Windows 2000 or newer: 128 MB of RAM (minimum)

**Peripherals:**
- Mouse
- Speakers or headphones may be used, but aren’t required

**Plug-Ins**
- Macromedia Flash Player 7 or higher

**Internet connection:**
- Broadband connection recommended, 56.6K dial-up modem at minimum

In addition, some internet, network and/or firewall settings may require modification.
